This rule applies if a complaint has not been resolved by close of business on the next business day after the day on which it is received.

The following steps for handling customer complaints have been developed in accordance with QFC Regulations.

- 5.4 The final response mentioned will:
 - 5.4.1 Accept the complaint and, if appropriate, offer redress; or
 - 5.4.2 Offer redress without accepting the complaint; or

6. Referring Complaints to Other Firms

- 6.1 If Seib is satisfied on reasonable grounds that another authorized firm within QFC may be solely, jointly or partly responsible for the act or omission alleged in a complaint made by a customer, it may refer all or part of the complaint to the other firm. Senior Management should decide whether or not such complaints should be referred to another firm.
- 6.2 When referring complaints the following guidelines should be followed:
 - 6.2.1 Make any referral to the other authorized firm promptly, but no later than 5 business days after the day it became satisfied that the other authorized firm may be solely, jointly or partly responsible for the act or omission the subject of the complaint;
 - 6.2.2 make a referral using a durable medium;
 - 6.2.3 tell the complainant in writing, in the final response or otherwise, about the referral and the other firm's contact details; and
 - 6.2.4 Unless it is satisfied that the other firm may be solely responsible for the act or omission the subject of the complaint, continue to comply with the requirements of COND in relation to the complaint.
- 6.3 If Seib receives a complaint referred to by another authorized firm the complaint is regarded to have been made directly to Seib by the customer; and to have been received by it when the referral was received.

7. Analysis of complaints for systemic weaknesses

- 7.1 Seib Compliance will regularly (at least annually) undertake an appropriate analysis of the patterns of complaints, including investigating whether the complaints indicate an isolated issue or a more widespread issue for customers.
- 7.2 The results of the analysis will be documented and submitted to the firm's risk management officer and to the firm's senior management.
- 7.3 Seib compliance will analyse complaints that it receives against intermediaries (whether in the QFC or in another jurisdiction) in relation to products that the intermediaries have distributed on the firm's behalf, to enable the firm to assess the complete customer experience and identify any issues that need to be addressed.
